Dear (President of School):
Being a part of Student Nurses Association at the Christ College has benefited us, the students, with innumerable opportunities and experiences. We are able to develop our leadership skills, advance our nursing knowledge, attend conferences, pursue networking, and get involved in the community. We feel SNACC has helped TCCNHS attract better students, develop the current students, and graduate more appealing and qualified nurses.

However, in order to continue these benefits afforded by participation in SNACC, we are asking TCCNHS for help in pursuing total school enrollment. SNACC will assume the responsibility of collecting membership information from each student, and TCCNHS will provide \$40 per student for 1 year of membership in the National Student Nurses Association.

TCCNHS has been a great supporter and contributor in the past and has allowed SNACC members to accomplish great achievements. The Christ College has been present and vocal at the state and national levels through the participation of SNACC members. Our election to office, presence at conventions, and continued achievements is dependent on the survival of SNACC.

At recent meetings 100% of attending non-members said that the cost of membership is a major barrier to joining SNACC. Without TCCNHS's continued financial contributions to SNACC, membership will become an impossibility for many students. TCCNHS has the chance to continue an enticing and rewarding tradition at the college: total school enrollment in the National Student Nurses Association. Your commitment to the organization has allowed us to represent TCCNHS at the community, state, and national levels, and we look forward to your continued support.

Sincerely,

The Members of the Student Nurses Association at the Christ College

Tips for Writing Your Proposal

—**Keep it Short!** Your proposal should fit on one page

— **Make it Appealing!** If you would be the only school in the area offering TSE, make sure administrators know this!

—**Stay Positive!** Your school probably will not give you money if you bash them in your proposal

—**Appeal to the Appropriate Person!** If you hand your proposal in to the wrong person, it goes no where

—**Follow Through!** Keep your promises so that you can experience the benefits of TSE
